

POST A LETTER

What you will need:

- Paper, envelope and postage stamp
- Drawing tools – pencils, Textas, crayons.

What to do:

1. Explain that you are going to help your child send their drawing to someone special. Ask them what they would like to draw. Provide your child with the time and space to draw or write.
2. As your child is drawing or writing you may chat about their work, for example who they are planning to post it to. You might write their words down and include them with the drawing.
3. Support your child to fold the letter and put in an envelope.
4. Talk with your child about the address on the envelope.
5. Go for a walk and put the letter in the post box.
6. If you don't have an envelope or a stamp you could also take a photo and send it via email or on your phone.

What learning is happening:

Children enjoy drawing and making messages for others, they are developing their hand-eye coordination and muscle strength. They are learning that they can communicate with others in many different ways.

VEYLDF Outcomes:

Outcome 1 – Identity: Children have a strong sense of identity

Outcome 2 – Community: Children are connected with and contribute to their world

Outcome 4 – Learning: Children are confident and involved learners

Outcome 5 – Communication: Children are effective communicators
