

## **CELEBRATIONS – HAVE A PICNIC OR TEA PARTY**

### **What you will need:**

- Mugs/cups and saucers (real or toy ones)
- Teapot or jug
- Plates
- Real or pretend food & drinks
- Spoons
- Table, the floor or a blanket outside.

### **What to do:**

1. Talk to your child about having a picnic or a tea party.
2. Decide on the guests (eg. other family members, dolls or teddy bears).
3. Talk about what food you might need: water to drink, fruit or biscuits (real or pretend).
4. Think about making your celebration look special. Use a table-cloth, if you have one, or a piece of material on your table or the ground.
5. Ask your child for suggestions about what would make it special (eg. flowers from your garden, music, etc.).
6. Set the table or space together. Work out how many of everything you will need. Count things out. Find those “hidden” Maths moments!
7. Enjoy special time together to celebrate 😊

### **VEYLDF Outcomes:**

Outcome 1 – Identity: Children have a strong sense of identity

Outcome 2 – Community: Children are connected with and contribute to their world.

Outcome 3 – Wellbeing: Children have a strong sense of wellbeing
